COURSEWORK

Data structure and Algo,
Geeksforgeeks
web development, Internshala

UNDERGRADUATE
Computer Fundamentals
Algo Design Data Structure

CERTIFICATION

Internshala:// **Web Development**
HackerRank:// **Problem Solving (Basic)**
Flipkart:// **Certificate of Participation**

EXPERIENCE

•**SPACE for ECE**
Web Developer Intern
16 April 2022 - 16 Aug 2022

•**CodeChef Chapter MMMUT**
Executive Member
Full Time
Sep 2020 - till Now
Gorakhpur,Uttar Pradesh,India

SKILLS

PROGRAMMING
C • C++ • HTML • CSS
Javascript• Bootstrap
React.Js• Node.js
Express.Js• MongoDb
Familiar:
Java
Tools
Adobe Photoshop

PROJECT

PROJECT-1: **Weather App**
It is basically a responsive website in which we can check the temperature of any city by entering city name. In frontend I use html CSS and JavaScript and in backend I use node.js and express.js. I use current weather API to get the temperature of city.

PROJECT-2:**portfolio**
It is basically react component based portfolio

PROJECT-3:**SEB**
It is basically a responsive website. In frontend I use html CSS and js.

PROJECT-4: **Landing Page**
it is fully responsive and component based landing page
